

# HealthAlliance Hospital

Westchester Medical Center Health Network

December 2, 2022

Dear Neighbor:

We have exciting news for our neighbors! Your new HealthAlliance Hospital on Mary's Avenue in Kingston will **open on Wednesday, December 14, 2022.**

This letter has important information on how we will move services, patients, and equipment from our current Broadway campus to the new HealthAlliance Hospital at 105 Mary's Avenue.

This move has been carefully planned, placing a priority on the safety of our patients, while also minimizing disruption to our neighbors. Our hospital move hotline will be open 24 hours a day from Monday, December 12 through Sunday, December 18. Please call **845.450.5025** with any questions or concerns.

### The Move: Transition Plan for Patients and Equipment

The transition of patients and equipment from the HealthAlliance Broadway campus to the new HealthAlliance Hospital on Mary's Avenue **will begin on Wednesday, December 14, 2022 at 6:00 am. At that time, the Emergency Department at the new hospital will be open.**

Multiple ambulances will transport patients between these locations throughout the day, and trucks will move equipment. This will create a temporary increase in traffic activity on the following streets: Broadway, East O'Reilly Street, West O'Reilly Street, Mary's Avenue, Andrew Street, Foxhall Avenue, Hasbrouck Avenue, Jansen Avenue, and Pine Grove Avenue. **We anticipate completing the move by midnight on December 14, 2022.** We thank you in advance for your patience during the relocation.

### HealthAlliance Hospital's New and Expanded Services

As your community hospital and regional health network, WMCHHealth and HealthAlliance continue to invest in Kingston and Ulster County by enhancing facilities and improving local access to high-quality medical treatment, advanced technology, and talented specialists. The \$113 million HealthAlliance Hospital expansion and enhancement will deliver a technologically advanced and welcoming environment for patients. It will feature:

- A new Emergency Department with a behavioral health triage area
- A new Family Birth Center with private rooms for birthing mothers
- Advanced cardiac care in our new Cardiac Catheterization Laboratory
- New advanced critical care capabilities
- Refreshed private rooms and a new Caregiver Center
- New advanced imaging supported by WMCHHealth's partnership with Philips
- Inpatient psychiatry services (coming in 2023)

We can't wait to open this new hospital that will completely transform patient care here in Kingston and across the region. Please contact us if you have any questions. We thank you for your continued support.

Sincerely,

**Your Friends and Neighbors at HealthAlliance Hospital and WMCHHealth**
