2019 – 2021 COMMUNITY HEALTH NEEDS ASSESSMENT IMPLEMENTATION PLAN
2021 Year-end Update

NYS PREVENTION AGENDA PRIORITY AREA: PREVENT CHRONIC DISEASES

FOCUS AREA 3: Tobacco Prevention

PREVENTION AGENDA GOALS

3.1 Prevent initiation of tobacco use, including combustible tobacco and electronic vaping products by youth and young adults

3.2: Promote tobacco use cessation, especially among populations disproportionately affected by tobacco use including: low SES; frequent mental distress/substance use disorder; and disability

OBJECTIVES: By December 31, 2021, decrease the prevalence of lifetime vaping product use by high school students by 20% from 25% to 22.5% and decrease the current tobacco use by high school students by 20% from 6.3% to 5.0%. (Data source: Orange County Youth Survey, 2016)

EVIDENCE BASED INTERVENTIONS

3.1.2: Use media and health communications to highlight the dangers of tobacco use and reshape social norms (Source: The Community Guide)

3.2.4: Promote Medicaid benefits for tobacco cessation services and free cessation classes available in Orange County particularly among target populations in Middletown and Port Jervis (Source: CDC)

DISPARITIES ADDRESSED: Adults with low SES, Adults living with a disability

Activities	Timeframe	Intermediate Level Evaluation Measures	Internal Staff and Resources	Community Implementation Partners	Intended Outcome/Product/Result	2021 Year-end Update
Create a media campaign including posters and advertisements through Orange County	January 2020- December 2021	Number of posters distributed	BSCHS Community Engagement	OCDOH., ADAC, Catholic Charities of Orange, Ulster and Sullivan Counties	Increased knowledge among youth regarding the dangers of vaping and combustible tobacco	BSCH and ADAC video that was created in 2020 remains available for all Orange County schools.
