Patient Financial Responsibility

It is for your best interest to understand your insurance.

At registration time, we will need to obtain a copy of your driver's license and a current valid insurance card. If you fail to provide us with the correct insurance or any insurance information in a timely manner, you may be responsible for the balance of the claim. Most insurance companies have timely filing restrictions; if a claim is not received within 30 days of the date of service, it can be rendered ineligible for payment and it will become your responsibility.
Also, always be sure to know your coverage, for example; some vaccines, labs, procedures, etc. may not be covered under your plan, it is always good to know also what lab you can use, otherwise you will be responsible at the end.

I acknowledge and understand that it is ultimately my responsibility and my obligation to check all requirements, coverages, deductibles and co-pays with my insurance.
